

ADVANCE CARE PLANNING TRAINING

Sean Thompson from Te Whatu Ora ACP Quality Improvement Advisor, has kindly offered to host some free online ACP workshops especially for our Doulas. This will save you having to wait for an in-person training to be available in your area.

*These workshops will be about 3 hours in duration, first one scheduled for **March 26th 2025, 9am-midday.***

Attendees must have completed the online modules prior to the online session, and these can be found here:

<https://www.myacp.org.nz/training-trainer-support>

Please note you will have to create your own login etc., and remember to say you're a health worker or similar (you have to choose a profession).

Please email melnotes@protonmail.com to register for Sean's online session.

Or watch out for more dates.

Thanks.
